16 PEOPLE KILLED BY BOILER EXPLOSION

River Steamer Scovell Blown to Bits Near Vicksburg.

ENGINEER TELLS OF EXPLOSION

He Says That There Was Nothing to Warn the People on the Steamer of the Impending Horror—Pathetic Scenes.

The white dead are:

Captain John Quackenboss, master of the boat, Vicksbug, Miss.

Clerk Wade Quackenboss, Vicksburg, Miss.

Lavell Yerger, cotton seed salesman, Jackson, Miss.

Clerk Joseph Smith, of Yazoo City, Miss.

Those injured are:

Tennie Roberts, assistant pilot, Vicksbug, Miss., injured internally; very serious.

John Dougherty, pilot, shoulder dislocated.

Charles McKenna, passenger, painfully injured.

—— Butterfield, slightly injured in the head.

Vicksburg, Miss., Dec. 21.—One of the most disastrous accidents in the history of Mississippi river traffic, occurred when the steamer W. T. Scovell, plying in the Vicksburg and Davis Bend trade, was destroyed by an explosion. Owing to the large number of negroes on board it is impossible to ascertain the exact number of the dead and injured, but officers of the boat who arrived here state that no less than ten, nor more than sixteen were killed. The probabilities are that a like number were injured.

The number of dead and injured negroes of a crew and passenger list of about 50, about half are missing. The negro dead were cared for at the place where the accident occurred as were some of the injured. About five of the injured negroes were brought to Vicksburg on the steamer Senator Cordill and with the white and dead injured.

The accident occurred at Gold Dust landing, about 17 miles south of Vicksburg.

The Scovell was at the landing taking on freight when suddenly a terrific explosion occurred, and the boat was blown practically to atoms. Many of the timbers were thrown hundreds of yards, and some of those aboard were blown almost that far. The pilot house and front part of the cabin were blown to splinters, and some parts of the boat were so badly damaged that she began to sink immediately. When the Cordill left her late in the afternoon she was listing heavily, and her cargo of 1,000 sacks of cotton seed and 85 bales of cotton will be lost.

Pending the arrival of the Senator Cordill the injured were cared for at Gold Dust landing as well as possible.

Of the white dead only the body of Lavell Yerger has been recovered. Wade Quackenboss was heard to call for help soon after the explosion, but according to the reports of those who were on the boat, escaping steam soon smothered his cries. Captain Quackenboss was not seen after the accident.

Pilot Dougherty was blown several hundred feet out into the river, but despite a dislocated shoulder, managed to swim to a bank.

The story of the accident as told by J. T. Bruce, the engineer of the boat is as follows:

"We were lying at the Gold Dust landing taking on a cargo when I noticed a small quantity of water oozing through the boiler. I suspected that something was wrong, and proceeded to make a thorough examination at that moment. As soon as I got her back to the bank, I crawled on top of the boiler and proceeded with the investigation. I had just gotten down from the boiler when the explosion occurred. The catastrophe, I believe, was due to a defective boiler plate."

Invites Bids for 5,000 Cars.

Philadelphia, Dec. 21.—The purchasing agent of the Pennsylvania railroad has invited bids for the construction of 5,000 box cars. The contract will be awarded in a few days. Their estimated cost is $6,000,000. With the placing of this order, the company will have ordered within the last two years nearly sixty thousand freight cars.

Believe Patrick Innocent.

New York, Dec. 21.—Resolutions asserting belief in the innocence of Albert T. Patrick, convicted of the murder of William M. Rice, were adopted by the Medico-Legal society at its annual dinner. The resolutions were based on a report by a special committee of experiments the committee is said to have made in the use of embalming fluid. The society calls upon Governor Higgins, of New York, to pardon Patrick. Judge W. H. Francis, of Philadelphia, cast his vote against the Patrick resolutions, declaring the investigations had been reported on its merits without its consideration as applicable to any particular case.

Chamberlain Loses Memory.

New York, Dec. 21.—A dispatch from London says that the long retirement of Joseph Chamberlain owing to gout and other ailments has led to constant assertions and contradictions as to the gravity of his condition. The Chronicle states that he greatly overtaxed his strength at the celebrations in honor of his seventieth birthday at Birmingham with the result that he lost his memory completely. The past was a blank to him and he could not remember what had taken place even a few hours afterwards and although his other factulties were, and are uninjured, his memory is gone.

Woolen Mills Merger.

Nashville, Dec. 21.—A merger of the leading woolen mills of the south involving a capitalization of one and a half million dollars, has been affected. The combine will be known as the American Textile Woolens company. It will include the following concerns: Park Woolen Mills, Rossville, Ga.; Louisville Woolen Mills, Louisville, Ky.; Sweetwater Woolen Mills, Sweetwater, Tenn.; Athens Woolen Mills, Athens, Tenn.; Atlanta Woolen Mills, Atlanta, Ga. The headquarters of the concern will be Chattanooga, Tenn.

Police Arrest 14 Italians.

New York, Dec. 21.—With the idea of discouraging the "Black Hand," and kindred organizations of this city, the police arrested 14 Italians on charges of carrying concealed weapons. A special force of detectives was detailed to the Italian colony for the purpose of apprehending suspicious persons. Police Commissioner Bingham stated that he would enlarge the force of Italian detectives and make a determined effort to rid the city of the "Black Hand" class of criminals.

Town Honors Memory of Editor.

Natchez, Miss., Dec. 21.—The funeral of Captain James W. Lambert, proprietor of the publishers and business manager of the Natchez Democrat, took place at 11 o'clock Wednesday morning from St. Mary's cathedral. Business was entirely suspended, the bankstand all stores closing during the hour of the funeral. He had been the most public spirited citizen of Natchez since the war, and the entire population paid tribute to his memory.

Big India Rubber Import.

Washington, Dec. 21.—The United States will have imported an aggregate of nearly or quite fifty million dollars' worth of crude India rubber at the close of the present year, according to a statement made public today by the bureau of statistics of the department of commerce and labor. If to this is added the value of old and scrap rubber for re-manufacture, the total will considerably exceed the amount named.

Patrick's Sentence Commuted.

Albany, N. Y., Dec. 21.—Governor Higgins has commuted to imprisonment for life the sentence of death under which Albert T. Patrick has remained nearly five years, since his conviction for the murder of William Marsh Rice, the aged Texas millionaire, in New York city.

LAW IS SMASHED BY CABINET MEMBERS

Wilson and Hitchcock Confess to Disregard of Law.

STATUTE WAS IN THEIR WAY

Hitchcock and Wilson Make Admission Before Committee of Senators, Who Use Strong Language in Regard to Action of Cabinet Members.

Washington, Dec. 21.—Admitting that they had no authority of law for the withdrawal from allotment of nearly 4,000,000 acres of land belonging to the five civilized tribes in the Indian Territory for the purpose of creating a forest reservation, two members of the president's cabinet—Secretary Hitchcock, of the department of the interior, and Secretary Wilson, of the department of agriculture—endeavored to justify their course by stating they had the best interest of the Indians at heart.

The explatation was made before a select senate committee which is investigating affairs in relation to the property rights of the five tribes, but the committee declined to accept it, and Senator Clark, of Wyoming; Teller, Long and Brandegee declared that the interior department has suspended a statute of the United States without authority and that it was the duty of Secretary Hitchcock to immediately cancel his order withdrawing the land from allotment.

The order withdrawing the land from allotment was issued early in the present month. The purpose of the withdrawal was not stated publicly at the time, but it developed during earlier inquiries by the committee that the department of agriculture planned to create a forest reservation within the withdrawn lands, which would contain about 1,500,000 acres. These lands would have to be purchased from the Indians under some plan yet to be presented, and an appropriation by congress would be required. The committee was of the opinion that there was no authority of congress for the suspension of the law providing for the allotment of the lands involved, and it was then determined to call for an explanation from the heads of the two executive departments responsible for the withdrawal.

Secretary Hitchcock was first called to the stand. He said that he had asked the forest service, a division of the agricultural department, to report on a request of Jack Gordon, of Paris, Tex., and associates, that they be permitted to buy 200,000 acres for a game preserve and that in making an adverse report on that proposition the forest service had asked for the withdrawal of the lands for a forest preserve. Mr Hitchcock said that in granting the request he had only temporarily suspended the operation of the law requiring that the lands in question be allotted. The tentative suspension, he said, was for the purpose of investigation, with a view to determining what was the best interest of the Indian.

"You have no right to suspend the operation of a statute one hour, not one minute!" declared Senator Teller. "If you had the right to temporarily hold up the application of the law, you could suspend its operation for a month, a year or two years."

In reply to questions from Senator Long as to the reasons that actuated the secretary, Mr. Hitchcock said that the request of Secretary Wilson had prompted him. He was asked concerning other suspensions of land laws, and said that at times actions of that character had been taken at the request of the president where it had been necessary to investigate claims of frauds. "No one has authority to suspend a law of the United States under any circumstances unless there is specific provision for it," declared Mr. Teller.

All of the members of the committee then took part in condemning the action of the department in suspending the law and finally Senator Teller said:

"I challenge any one to show any statute which permitted the suspension of the allotments in question."

"If we have violated the law, I am sorry for it," said Secretary Hitchcock, "but my only motive was in the interest of the Indian, and because I desired to accommodate the secretary of agriculture. The committee, I think, does not take into consideration that the suspension was not permanent, but merely provided for the submission of a plan to congress for the creation of a forest reserve."

Turning to Secretary Wilson, who had been an interested listener to the examination of his colleague in the cabinet, Senator Long asked:

"We want to know under what authority you requested the withdrawal of these lands from allotment?"

"I never looked at an authority," replied Secretary Wilson. "I made up my mind that we had a better proposition for the Indian than to turn his land into a game reserve. The right to withdraw the land was a matter for the lawyers of the interior department to pass upon. We made an investigation and then a recommendation. It is up to you, gentlemen, to say whether you think it right or not."

"No," responded Senator Clark, "It is up to the secretary of the interior to do as the law tells him to do."

Chief Forester Pinchot was called to the stand and after he had explained the proposition, members of the commission declared emphatically that he could not hope to get his plan through congress. He was told that his request had been out of place, inasmuch as it suggested a violation of law.

"Secretary Hitchcock should not delay thirty minutes in telegraphing an order to the territory permitting the allotments to proceed," continued Mr. Teller, and Senators Long, Brandegee and Clark assented.

The question of the propriety of the withdrawal of the lands was also railed in the senate.

Teachers and Students Expected.

Paris, Dec. 221.—The teachers and students of the famous St. Sulphice seminary there were expelled Thursday. Their superior, as a matter of form, insisted that a policeman lay a hand on his shoulder as proof that violence was used. Among the students were a number of British subjects and one American, who read an energetic protest, claiming that they were there under an agreement with the French government, by which, when the property of the old Catholic college was endowed by the Stuarts during the period of religious intolerance in England, and it was taken for a polytechnic institute, it was formally understood that as a compensation the government would maintain 25 students sent from England to St. Sulphice.

Man Seriously Shot.

Tallapoosa, Ga., Dec. 21.—The little town of Budapest, about 6 miles east of this city, was the scene of a serious shooting affair at an early hour Wednesday evening. A young man named Murdock Newman, about 22 years of age, said to be drinking at the time, went to a restaurant kept by a man named Woehl and wife. He demanded something to eat and after some parleying, it is claimed, began smashing up dishes, and as Woehl states, displayed a revolver which he (Woehl) seized and shot him in the abdomen. It is said that the victim of the affray was left lying out on the ground for two hours. He will probably die. The wounded man's father was at one time marshal of Tallapoosa.

Charged with Embezzlement.

Austin, Tex., Dec. 21.—Chief of Police Morris arrested William C. Anderson, alias Charlton, who is wanted in Kansas City on the charge of embezzling funds of the First National Bank of that city. Anderson was formerly assistant paying teller of the institution. When arrested he had about $500 in money and an automobile which he purchased in San Antonio.

Clerk Laroche Not Guilty.

Savannah, Ga., Dec. 21.—What the Ocean Steamship company and its attorneys thought was a clear case, fell flat in the superior court, when verdicts were returned acquitting Laroche, Jr., and Policeman Bernard McCabe of the charge of robbery of the steamship company. There was but one charge against Laroche, but McCabe is to be tried upon others.

DEATH AND RUIN FOLLOWS EXPLOSIO

Of Dynamite Cap Thrown Boy at Savannah.

ONE KILLED; SEVERAL INJURE

Boy Undertook to Show How Fi Explosion Occurred and Succeed So Well that He Wrecked Buildi and Mangled Firemen.

Savannah, Ga., Dec. 21.—By t explosion of dynamite in the firewor factory of Joseph Carbo and Jo Niva, Italians, at No. 531 Anders street, on Wednesday night, o fireman was burned to death, anoth was fatally burned; assistant fire chi and another fireman were seriou and probably fatally burned. T proprietors were painfully burned a a boy was struck in the face by t flying debris and severely hurt.

At 8:30 o'clock Carbo and Ni were engaged in counting torpedo they had manufactured. One dropp and caused the explosion of the res Carbo and Niva suffered painful in juries, those of Carbo being the mo serious.

The small building took fire imme diately. A chemical company of th neighborhood responded to the alar and quickly extinguished the blaze.

Assistant Chief Mouro was tele phoned, as it was desired that he in vestigate it being suspected that th Italian proprietors had a greate quantity of explosives in the plac than the city ordinances permit. Up on his arrival he and Firemen Eady O'Leary and Daley entered the build ing. With them was a boy, Fre Chitty, 16 years old, who had crowd ed his way in.

The firemen were speculating as t what could have caused the explo sion.

"I'll show you how it happened," remarked Chitto, picking up a dyna mite cap. This he hurled to th floor, and there followed three ex plosions in quick succession.

The building collapsed and the de tonations were heard all over the city. Window glasses were broken in th neighborhood and debris was sent fly ing in every direction.

Fire followed hard upon the explo sions.

Eady was caught beneath the fall ing timbers, crushed to death and hi body incinerated. The others escap ed to the open, but Daley did so only through the heroism of Mouro and O'Leary, who, injured as they were, drew him from the burning debris.

All of the injured were at once hurried to hospitals. Carbo and Ni va had already been hurried to Park View sanitarium for treatment, but the superintendent of police almost immediately directed their removal to the police station.

This was for a dual purpose, the effecting of their arrest and to save them from a mob.

The crowd became greatly inflamed immediately upon arriving on the scene and learning what had occurred. "Lynch the dagoes!" was the shout. "Never mind the police, lynch the dagoes!"

The cries stirred the crowd to a pitch of frenzy. Men hurried to a nearby house in which it was said the burned Italians had been taken. They were not found there, having left for the hospital. Then a crowd of eight or ten men was organized to visit the home of Carbo, but it was learned then that he had not been taken there, but to the hospital.

During this time there had been several policemen on the scene, but soon the entire evening detail arrived, the explosion having occurred just as it was going on duty.

The detail went at once to the hospital. There the dressing of the injuries of Carbo and Niva were hurried, and soon the police had the men in the patrol wagon and were taking them to the station house.

The part Chitto had played was not generally known. He, too, was put under arrest.

Washington, D. C., Dec. 21.—The house of representatives adjourned on Thursday until January 3, 1907.

Judge Mason's court was the scene of two cases of assumpsit Friday, in both of which the defendant parties, the Seaboard Air Line Railway Company, lost out.

The cases were assumpsit, the plaintiff in both cases being I. C. Walker, a farmer, who alleged that the Seaboard had run over and killed two valuable cows belonging to him.

The verdict of the jury in these cases gave Mr. Walker a verdict of $110.

Dr. J. Harvey Smith, the colored physician, is in trouble. Dr. Smith it appears contracted to buy a horse from John Zetrouer of Rochelle, agreeing to pay so much at regular intervals until the animal was paid for.

But, judging from the allegations of the warrant which was issued for him, Dr. Smith did not fulfill his obligations, and went far enough not only to refuse making his payments, but he sold the horse to another party, receiving the money therefor.

The Doctor has evidently got himself into a serious complication, but may be enabled to work out of it in some way.

U. S. COURT DECISION RELEASES BIG TRACT

Over 100,000 Acres Land in West Florida Settled on Title.

THE OLD FORBES CLAIM

Heirs of the State Sued For Possession of Valuable Timber Lands in Litigation, and Decision of United States Court Opened for Homestead.

Owing to the recent decision of the United States court, in which Theodore Dalecour et al, heirs of the big estate of John G. Forbes, plaintiffs, were suing for the repossession of large tracts of timber in West Florida, west of the Apalachicola river, there stands a good chance to be opened up for homestead purposes about 100,000 acres of public lands in Washington and Calhoun counties which have for years been in litigation, and which have been of no benefit to anybody on account of this litigation.

Many years ago John Forbes, it is claimed, purchased from the Indians and the Spanish government this tract. The tract, which is largely timber land and of little value for cultivation, was undeveloped, but since there has been such a demand for timber during the past few years, the land has been in demand. Several attempts, it is said, have been made to sell it, but owing to the cloud which hung over the title, buyers were careful. The matter was taken into the United States court for a settlement, with the result that the land was diverted back to the government.

There has been a clamor for the property, and in the event that the tract is restored to entry, there will no doubt be a great rush of homesteaders to that section, where government land is now scarce.

This property has been in litigation for many years, and it is to say the least a satisfactory act to clear the contention which has been hanging over it.

A DISTINGUISHED PARTY.

Several Prominent Georgians Have Been on Annual Hunting Trip.

A party of several prominent Georgians, members of the Homosassa Fishing Club, passed through the city Thursday night in a private car en route home to Atlanta.

The party comprised in the most part stockholders and officials of the Alabama and West Point Railroad, and they were a jolly set.

After spending a few moments here, during which time they had the pleasure of meeting some friends, the party proceeded north.

TURPENTINE STILL BURNED.

T. J. Swearingen Had Misfortune to Lose Several Hundred Dollars.

T. J. Swearingen, the naval stores operator of Kanapaha, had the misfortune to lose one of his stills at an early hour Friday morning, involving a value of about $700.

From what could be learned, the fire was caused by combustion. Fortunately there were no products of the still near, hence the loss was slight in comparison to what it might have been.

Mr. Swearingen will rebuild at once.

MR. MOYERS' LUCK.

Has Been Appointed Southern Manager for a Big Paint House.

Friends of K. H. Moyers, formerly of this city, will be pleased at the information that he has been appointed general Southern agent for the Sherwin-Williams Company, manufacturers of paints and varnishes, and will have his headquarters in Jacksonville. This is one of the largest concerns of the kind in the United States, and Mr. Moyers will no doubt make a big success of his new position.

A Delightful Occasion.

A delightful occasion was the entertainment given by the A. P. O. Society of the University at the home of Mrs. S. B. Chapin Thursday night. While the function was strictly an informal one, it was appreciated by the large number who attended, and they will remember the evening for a long time.

The color scheme of the society—old gold and sky blue—was carried out to perfection. There were refreshments of punch, and a solid and ice course, all of which were highly relished.

A trio of street preachers have been working the people of Gainesville for the past two days. While it is no more than right and proper to appreciate any followers of the Christ in His work, at the same time it is right again to confine them to proper places of worship. These street walkers do not claim any special creed, but they do not hesitate to take up a collection. They are no doubt sincere, but no person has yet been enabled to get them to commit themselves to any special religion.

GYPSIES ARE A NUISANCE.

Swindled a Merchant of $65 in Cold Cash On a Horse Trade.

The band of Gypsies which has been in Gainesville for the past four or five days, and which has caused our citizens and business men no end of annoyance by their practices, are still making offensive trades and deals, and, as The Sun has already suggested, should be stopped.

Marshal Pinkoson states that on Thursday he served upon these people a replevin paper to regain possession of a horse which they had traded to S. F. Brooks, the merchant. Mr. Brooks wanted a certain mule which was the property of the Gypsies. The animal was a heavy one, especially adapted to delivery work, and was represented to be in first-class condition. Mr. Brooks had a good horse which was too light to draw a delivery wagon, and paid one of these Gypsies $65 in cash and his horse in a trade.

When Mr. Brooks tried to work the mule in harness he found a serious defect, as the animal was what is commonly termed a "choker," meaning in effect that the mule was suffering with a throat affection, and when a collar was placed around his neck and a load applied, he would become choked and unfit for service.

Mr. Brooks, it is understood, endeavored to straighten the matter out with the Gypsies, but could get no satisfaction. The result was that he was compelled to sue by writ of replevin. Marshal Pinkoson secured possession of the horse, but was unable to get the $65 which was paid in the trade. The marshal is responsible for the statement that he had considerable trouble even in the serving of the paper, as the "gang" surrounded him and threatened bodily harm.

This "gang" is a nuisance, and should be made to leave the city. The local authorities would not think of tolerating such disreputable action from an American citizen, and anyone who attempted it would be in the chaingang in forty-eight hours.

CANN GUILTY OF ASSAULT.

Two Hundred Dollar Fine Imposed by Judge Roan.

Atlanta, Dec. 21.—Twelve months or $200 fine, was the sentence Judge Roan imposed upon George Cann, found guilty of an assault upon Mrs. Cornelia Hunt, of 560 South Pryor street, on the morning of June 5. The fine was paid.

Cann was indicted for attempted criminal assault, but the jury, whom it took but a short time to render a verdict, declared him guilty of simple assault, having been given the prerogative by the court.

The evidence in the case was concluded Tuesday afternoon, and the argument with Solicitor General Hill, James L. Key and Y. A. Batchelor, for the state, and J. N. Wright, representing the defendant, was finished, the jury rendering a verdict after the noon recess. Mr. Hill's speech was greeted with laughter as was his cross-examination of Cann the afternoon before, the solicitor dwelling strongly on the defendant's statement that he was a masher, and had no trouble in making women succumb to his charms. The court room had to be rapped to order several times during the solicitor's speech.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Will Investigate Brownsville Raid.

Washington, Dec. 21.—The question whether the senate should make an independent investigation of the Brownsville raid was raised in the senate by Senator Foraker Wednesday immediately after the reading of the president's message. He offered a resolution giving the committee on military affairs, authority to make such investigation if deemed necessary after consideration of the testimony transmitted by the president.

King Oscar Continues to Improve.

Stockholm, Sweden, Dec. 21.—King Oscar continued Thursday to make good progress toward recovery. The bulletin issued by his physicians today reads: "The king passed a good night. His temperature was 99.1 last night and is 98.8 this morning. His majesty's appetite is good and his heart action unchanged. There is still some mucous in the trachea."

KILLED SELF WHILE ASLEEP.

That Theory Is Advanced by Friends of Heinsohn.

Louisville, Ky., Dec. 21.—A special from Muncie, Ind., says that the theory that Kirby Heinsohn, a rich man here, inflicted a fatal wound while trying to shave himself in his sleep at Sylvester, Ga., Sunday, was advanced by members of a committee of Elks who accompanied the body home.

J. H. Westberry, cashier of a bank at Sylvester, in which Heinsohn was interested, says Heinsohn was taken ill last Friday. He worried because he was unshaven and decided to shave himself Sunday morning. It is surmised that he arose and went to the bath room half asleep and returned to bed with the razor, and that the determination to shave being on his mind, he drew the razor across his throat, cutting the jugular vein.

Too weak to speak, he wrote on a piece of paper that he did not know what he was doing, as he was asleep.

Woman Suffragists in Session.

Memphis, Dec. 21.—About 12 women suffragists representing organizations in as many southern states, are in session here. An organization was formed to be known as the Southern Women Suffragists. Miss Laura Clay, of Kentucky, was elected president and Mrs. Nannie Curtis, of Texas, was named as permanent secretary. In the discussions today it was decided to adopt a set of resolutions demanding that women be allowed to vote in all elections.

Put in Coffee County Jail.

Douglas, Ga., Dec. 21.—C. B. Walker, J. E. Walker, Thomas Walker, Jesse Lott and John Graves surprised and captured Mathew Royal, who is charged with the murder of J. L. Walker, at a picnic on May 4 last. Royal ever since had remained in the county in defiance of officers of the law, with a reward of $250 offered for his arrest. He calmly surrendered to the posse without a struggle and is safe in Douglas jail.

Five Persons Perish at Fire.

Buffalo, New York, Dec. 21.—Four persons were killed, and one was fatally injured in a small blaze in the Zenobia apartment house, on Prospect avenue, at the corner of W. Huron street. Other occupants of the place had narrow escapes, half a dozen being rescued by firemen. The fire was a small one, and was quickly brought under control by the firemen.

Killing in Chattahoochee.

Columbus, Ga., Dec. 21.—News has been received in the city of a tragedy in Chattahoochee county. Bob Kimball, a young negro, was shot at a negro frolic near Cusseta, and Charles Lewis, a negro, was arrested, charged with the deed. It is said that he has confessed, and implicated eight other negroes.

Great-Grandson of Jefferson Davis.

Colorado Springs, Colo., Dec. 21.—A son has been born to Dr. and Mrs. Gerald Webb. Mrs. Webb is a granddaughter of the late Jefferson Davis, and the newcomer is the only great-grandson of the confederate president.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

"I Attribute my Extreme Old Age to the Use of Pe-ru-na."

Mr. Isaac Brock, 117 Years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 117 years. For many years he resided at Bosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

Some time ago, by request, Uncle Isaac came to Waco and sat for his picture, holding in his hand a stick cut from the grave of General Andrew Jackson. Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 117 years ago.

Born before the United States were formed.
Saw 22 Presidents elected.
Pe-ru-na has protected him from all sudden changes.
Veteran of four wars.
Shod a horse when 99 years old.
Always conquered the grip with Pe-ru-na.
Witness in a land suit at the age of 110 years.
Believes Pe-ru-na the greatest remedy of the age for catarrhal troubles.

IN speaking of his good health a extreme old age, Mr. Brock says: "After a man has lived in the wo as long as I have, he ought to ha found out a great many things by perience. I think I have done so.

"One of the things I have fou out to my entire satisfaction is t proper thing for ailments th are due directly to the effects the climate. For 117 years I ha withstood the changeable clima of the United States.

"I have always been a very healt man, but, of course, subject to the fections which are due to sudd changes in the climate and tempe ture. During my long life I have know a great many remedies for coughs, cold and diarrhoea.

"As for Dr. Hartman's remedy Peruna, I have found it to be th best, if not the only, reliable rem edy for these affections. It ha been my standby for many years and I attribute my good healt and extreme old age to this remedy

"It exactly meets all my require ments. It protects me from the evil ef fects of sudden changes; it keeps me good appetite; it gives me strength; keeps my blood in good circulation. have come to rely upon it almost en tirely for the many little things fo which I need medicine.

"When epidemics of la grippe firs began to make their appearance in thi country I was a sufferer from thi disease.

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm, and it would do me good. I would not be without Peruna."

Yours truly,

Isaac Brock,

When old age comes, it brings with it catarrhal diseases. Systemic catarrh is almost universal in old people. This explains why Peruna has become so indispensable to many old people.

HANG UP THE STOCKINGS.

The Christmas tree is all very well; it is "splendid" in fact, and how beautiful it looks with the candles lighted and the bright tinted balls and bells and eggs and hearts and stars shining all over it; but it is nothing to the stocking in the chimney place on Christmas eve. Have the tree by all means. But if you want to make the children happy, don't omit the stockings. It is English and fashionable to have the tree, with all the aunts and uncles and cousins asked, and gifts for everybody, and music and dancing and games, and cakes and oranges and candies and lemonade and funny recitations, and all sorts of things. But oh, the stockings! When everyone has brought a pair of the longest and biggest, and papa has taken pains to bang them so that they are strong, and all opposite still in the street and it is bedtime, what wonderful ideas come into the little minds, and what pleasant memories into those of the grown-ups. What mother would like to miss the little exhibition of hope and faith? The child who trusts most ardently in the benevolent Santa Claus will be most likely to put faith in Heaven's mercies in his after life; for Santa Claus always comes when he is expected, and when mother and father hang the stockings up he is sure to put something in them.

President Roosevelt "stands pat" upon the discharge of the negro soldiers implicated in murder and riots at Brownsville, Texas. He gives good reasons for his action and demonstrates beyond question that he has the authority to act as he did in such cases. He would have done the same, he says, had a regiment of white soldiers been guilty of such disgraceful conduct as characterized this negro regiment, and we believe him.

The people generally, with the single exception of the loafers, agree with the Pensacola Journal that the vagrant law should be enforced, and the people of this city and county would like to know why it is not enforced. Of all the curses with which this city and county is afflicted, blind tigers and vagrants are the greatest.

Subsidies are going out of fashion, the ship subsidy hunters have about given up the fight and the Southern Railroad will not attempt to have Congress appropriate $167,000 for fast mail service. The tariff subsidies to the trusts will go the same way as soon as the people can control Congress.

The United States Department of Industry has secured three thousand acres of land in Florida which will be planted with camphor trees at once. Camphor is an important ingredient in the manufacture of smokeless powder, and the camphor tree flourishes in this State like the green bay.

General W. H. Sebring, well known to many people of Gainesville, has announced his candidacy for mayor of Jacksonville at the election which occurs next June. The General is a good man and would make an excellent chief executive of the Florida Metropolis.

Bevard county has joined the dry column, and whiskey is no longer permitted to be sold legally in that county.

ALACHUA COUNTY.

Referring to the exhibit from Alachua county at the recent State Fair, The Tampa Tribune says editorially:

"It is a great county. It stands upon the same rung of the ladder as Polk That rung is the topmost one. Alachua and Polk counties were equally worthy, and each was given first honors by the judges at the State Fair In competition with so many wonderful exhibits from all sections of Florida, to have won supremacy was indeed an honor, even though that honor was divided with another. But Alachua county did more. To it was awarded three special prizes of very great importance: one for the largest and best display of agricultural products, one for the largest and best display of live stock, one for the largest and best display of cotton. Cotton, live stock and agricultural products! Why, to excel in these three betoken an absolute independence. Alachua could shut her doors to the outside world and provide her people with all the necessaries and comforts of life. She is able to snap her fingers at the world and exclaim, 'I stand alone! My fertile fields supply my children with food and raiment and my mighty forests provide material for their homes.'

"N. A. Callison was the capable Fair Commissioner for Alachua and he had an able corps of assistants. To him the phenomenal success of his county was not a surprise, but it was a cause for great rejoicing; for his interests are bound up in Alachua's and his hopes for her future glory are unlimited.

"The items displayed in Alachua's booth were almost limitless. To attempt a detailed statement of them would mean a long day's work. The exhibit of agricultural products was about the most complete of its kind ever seen anywhere, no matter how large or wealthy the State. Every vegetable under the sun seems to flourish most luxuriantly in its soil The display of oranges and grapefruit, some of the latter being of the blood variety, was unexpectedly fine, rivaling that of many of the counties situated farther south. There were on exhibition 73 kinds of native woods, one of them being a block taken from a cypress tree 123 feet in height and 12 feet in diameter at the base. The county is rich in marketable phosphate. The busy wheels of commercial industries are turning, and large canning establishments turn out immense quantities of valuable canned fruits and vegetables, many of which were on exhibition at the Fair. Naval stores also contribute largely to the revenues of Alachua citizens.

"A very important factor in the county's wealth is the splendid quality of Sea Island cotton, whose growth seems especially favored by Alachua's soil. There was a notable display of this cotton at the Fair, as well as samples of short staple variety. Of course the latter is a valuable crop, but the increasing production of the former, confined as it is to a very limited area, means an enormous source of wealth and a mighty force in lifting the county to the very important position it will reach in the future."

TRUST BUSTING.

The trusts still seem to thrive and are increasing their dividends on their watered stocks in spite of the efforts of the Administration to punish them for constraining trade, rebating and other offenses against the laws. This form of trust curbing seems utterly fruitless in reducing the high prices for trust products that weigh so heavily on most of the people. This shows how worthless the Republican remedy is and that it is far from reaching the root of the trouble. It is difficult to find a trust or corporation that is plundering the public that is not enabled to do so by some special privilege. With most of the industrial trusts it is tariff protection that prevents competition; with others it is pools or agreements to force up prices; with still others it is product-restricting agreements. Then we have the natural monopolies, such as railroads and city utilities which are not trusts, because they are not composed of naturally competing concerns, but they are combining into great monopolies which charge the people "all the traffic will bear." Under the Republican efforts to curb these trusts and monopolies, has one of them reduced its prices or charges in consequence of such trust busting? In fact, the price of trust products has been and is constantly and steadily advancing. That surely indicates that the Republican system to curb these gigantic corporations is at fault, and until the tariff that protects the trusts and the power of monopoly is disturbed there will be no relief from trust high prices.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book *free* that is worthy of your attention if needing a good, safe, reliable remedy *of known composition* for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

The proceeds arising from the sale of said bonds, at not less than par value, and the purpose for which the issue of bonds proposed to be issued by this ordinance shall be used, is the following, viz: the money arising from the sale of said bonds, or so much thereof as may be necessary, shall be used to purchase and acquire the following described lot or parcel of land situated in said City of Gainesville, and more particularly described as follows, towit: All of Block 5, Range 8, according to the original survey of said city; provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 15th day of January, 1907, in accordance with this ordinance.

Sec. 2—The Mayor and City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

ROBBERS SECURE $4,000.

Two Robbers Loot the Bank at Horatio, Ark.

Texarkana, Ark., Dec. 21.—The Bank of Horatio, at Horatio, Ark., a small town about 50 miles north of this place, was looted by two robbers who entered the bank and, covering the cashier with their pistols, appropriated all the money in sight, about $4,000. The men then hurriedly mounted their horses, and rode away with a posse of citizens in pursuit. Several shots were fired at the fleeing robbers and it is believed one of them was wounded. A large posse is now in pursuit, but so far the robbers have succeeded in evading their pursuers.

Jewels Worth $6,000 Stolen.

Ft. Worth, Tex., Dec. 21.—The home of A. Bates Wharton was robbed of jewels valued at $6,000. The loss was discovered by Mrs. Wharton's maid. There was a safe in the house, but the gems were seldom kept under lock, and when stolen were in a drawer in Mrs. Wharton's boudoir.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Robbers Prey on Selma Postoffice.

Washington, Dec. 21.—Senator Pettus, of Alabama, saw the president regarding the conditon of the postoffice at his home, at Selma, which is in need of some equipment. The office, it seems, has been robbed six or seven times recently, and the senator said that he found that the key to his own box would open four other boxes. "That sort of thing," he said, "ought to be remedied." Senator Pettus thought the president's interposition would help in getting the postoffice authorities to remedy the trouble.

Children's

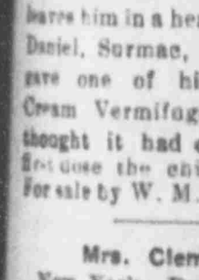
Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

Mrs. Clement Weds.

New York, Dec. 21.—Mrs. Flora Louise Clement, of Washington, D. C., and Captain Sidney A. Sloman, military attache of the American embassy at London, were married at the home of Mr. and Mrs. John Hays Hammond, at Lakewood, N. J., by the Rev. Dr. William Guthrie, of San Francisco.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.



It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Rapid changes of temperature are hard on the toughest constitution.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

It will help you to avoid taking cold.

Costly Fire at Mexia, Tex.

Mexia, Tex., Dec. 21.—Fire has destroyed the main business portion of the town, including six large business houses, with their contents, entailing a loss of over $100,000. The sleet and rain, accompanied by high winds, rendered the fire department almost powerless. One of the firemen was severely injured by falling walls.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

Soldiers to Meet Rebels.

Nanking, China, Dec. 21.—About 2,000 Chinese soldiers from Nanking, armed with modern weapons, trained by European officers and accompanied by a battery of field artillery, have proceeded to the front to meet the rebels in the Ping Kiang district. General Hsie, the commanding officer of the troops, left this city Wednesday.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

Will Spend Christmas in Jail.

London, Dec. 20.—Eleven more of the woman suffragists elected to spend Christmas Day in jail rather than pay small fines for creating disturbances within the precincts of the house of commons last night. The women received their sentences hilariously, apparently proud of joining the-so-called "suffragists" who are already in prison.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.
